Grand Rivers Real Estate - Grand Rivers KY Homes For Sale Zillow The Green River is Kentucky's crown jewel of river systems and a national treasure of biodiversity. #7 Rivers of Kentucky - BOOKBENCHESLEX.ORG The Green holds claim to "Kentucky's longest river" because its entire 384 miles or 620 km of its course is navigable, except for one mile near the town of Cynthiana. The river flows through eastern Kentucky, central Kentucky, and western Kentucky. The Green River is a tributary of the Ohio River and is considered one of Kentucky's most scenic rivers. The river provides opportunities for fishing, boating, and water sports, as well as recreational activities such as hiking and picnicking. The river is also home to diverse wildlife, including fish, mammals, and birds. The river is an important source of water for downstream communities and is part of the Ohio River basin. The river is managed by the Kentucky Department of Fish and Wildlife Resources, which regulates fishing and other activities on the river to protect its natural resources.
